Teaching literacy skills in the first four years at school

It is always wonderful to hear from teachers and parents who are achieving outstanding results with Jolly Phonics and Jolly Grammar. They are often amazed at how well their children read, and especially of how well they can write.

What distinguishes these teachers is the commitment they show to the teaching. They have used the programmes as their framework. They have taught at a pace, but kept each stage within the grasp of the children. They fully deserve the appreciation parents give them.

As authors and publisher, we have always seen ourselves in partnership with teachers, providing both structure and flexibility, looking to teachers for creativity. Together this enables us all to deliver for the next generation.

Moving on from Jolly Phonics with Jolly Grammar

- Provides 3 years of grammar teaching.
- Systematic teaching of spelling, grammar, punctuation and vocabulary.
- Enhances and improves children’s spelling, punctuation and grammar.
- Enables children to develop accuracy and expression in their writing.
- Fun and easy to use for both children and teachers.
The 5 Basic Skills

Using a synthetic phonics approach, Jolly Phonics teaches children the five key skills for reading and writing.

1. **Learn the letter sounds**
   Children are taught the 42 main letter sounds. This includes alphabet sounds as well as digraphs such as ‘sh’, ‘th’, ‘ai’ and ‘ue’.

2. **Learning letter formation**
   Using different multi-sensory methods, children learn how to form and write letters.

3. **Blending**
   Children are taught how to blend the sounds together to read and write new words.

4. **Identifying the sounds in words**
   Listening for the sounds in words gives children the best start for improving spelling.

5. **Tricky words**
   Tricky words have irregular spellings and children learn these separately.

**LETTER SOUND ORDER**

Jolly Phonics teaches the letter sounds in 7 groups of 6 sounds. The 42 sounds are taught in a specific order (not alphabetically). The first group has been chosen as it makes more simple three-letter words than any other 6 letters. This enables children to begin building words as early as possible.

1. s a t i p n
2. c k e h r m d
3. g o u l f b
4. a i j o a i e e e o r
5. z w n g v o o o o
6. y x ch sh th th
7. qu ou oi ue er ar

Teaching with Jolly Phonics begins with learning the 42 letter sounds.

As the programme progresses, the other 4 key skills are taught. Once children have learnt the letter sounds and some tricky words they can then begin to use the Jolly Phonics decodable readers and learn the alternative ways that vowels can be written.

The Phonics Handbook is the place to start. Lesson guides are provided for teaching the 5 skills and all 42 letter sounds, with each letter sound introduced through a story and action. Suitable words are provided for dictation and blending activities, and photocopiable sheets enable the teacher to give each child activities to reinforce the lesson.

The write-in Jolly Phonics Pupil Books can be given to each child in the class, to complete a range of daily exercises. The Teacher’s Book provides corresponding guidance and ideas for the teacher.

Jolly Phonics for the Whiteboard enables teachers to deliver exciting lessons to the whole-class. It provides a series of interactive pages for each lesson, and covers the full year’s programme.

Practise the letter sounds in an enjoyable way in class!
The Jolly Jingles and Jolly Songs provide a different tune/song for each sound. The Jolly Phonics DVD supports teaching in an engaging way. Additional information on the principles of Jolly Phonics and pronunciation of the letter sounds is also included.

The Finger Phonics Books come in 2 series: Big Books for the teacher to use with the whole-class and board books which children can use on their own.

The Jolly Phonics Word Book and Jolly Phonics Cards can be used for further blending and dictation, while the Jolly Phonics Letter Sound Strips, which can be handed to each child, provide a useful reminder of the letter sounds and alternative spellings of the vowels.

The Jolly Phonics Games CD provides over 20 interactive computer games that children can play to practise their phonic skills independently.
Moving on from Jolly Phonics with Jolly Grammar 1, 2 & 3

Jolly Grammar is the next stage after Jolly Phonics. The series provides resources for the systematic teaching of spelling, grammar, punctuation and vocabulary over the next 3 years at school.

Put reading skills into practice with 96 engaging decodable reading books. Children can start reading the Read & See books and Jolly Phonics Readers as soon as they have learnt their letter sounds. The books are levelled and have controlled vocabulary to enable children to read words from their letter sound knowledge. The Jolly Jingles and Jolly Songs can also be used to revise at this stage.

Revisit and review

Create colourful Jolly Phonics displays around the classroom. As the children learn each letter sound, tricky words and alternative spellings, the Jolly Phonics Wall Friese, Alternative Spelling & Alphabet Posters and Tricky Word Wall Flowers can be placed around the classroom to provide a colourful reminder at all times.

Broaden

Broaden the children’s skills and knowledge with the Jolly Phonics Pupil Books 2 and 3. These write-in books continue to consolidate learning, as well as introducing new spelling patterns, tricky words, and short and long vowels. Guidance for each lesson is provided in the Teacher’s Book.

Steps 2 and 3 from Jolly Phonics for the Whiteboard also provide fun, interactive daily whole-class lessons for extending knowledge. The software provides tips and advice for the teacher that can be accessed on screen.

What is Jolly Music?
Jolly Music is based on the tried and tested principles of Hungarian composer and music educator Zoltán Kodály. Using this philosophy, Cyrilla Rowsell and David Vinden, both experienced practitioners and teachers of the Kodály method, have developed the Jolly Music programme, a progressive and structured music curriculum.

- Child-centred approach that uses traditional rhymes and songs to teach key musical elements like pulse, rhythm, pitch, loudness and speed.
- Multi-sensory, with all the teaching done through singing, enabling children to become instant music-makers. Percussion instruments can also be incorporated.
- Packed with fun games and activities, allowing teachers to deliver an enjoyable lesson to their class.
- Step-by-step lesson plans as well as accompanying CDs for additional support.
- Each level provides a year’s programme of music lessons.
- Suitable for use for children aged between 4-10 years.

From The Music Handbook, Beginners

Clear detailed lesson plans are provided for the teacher, containing lots of tips and advice that can be used in class. Track numbers are clearly marked to make using the CDs easy.

The songs are so catchy that the playground, the dining hall and even the toilets resound with them.

From Jolly Music Big Book, Beginners

The Jolly Music Big Books are ideal for whole-class singing. To guide children through the song, pulse marks are included with all songs and rhymes. Pictures remind the children of the appropriate actions.
